

# International Compumag Society

Newsletter

Volume 26 No. 2

ISSN 1026-0854

1 July 2019

## From the Editor

Welcome to the summer edition of the ICS Newsletter. I would like to bring to your attention the following items.

First, the elections to the Board of the Society. We now have a list of candidates and their photos, short bios and statements you will find on pages 14 to 19 of this Newsletter. I am sure you will agree that we have some very strong candidates so please take your time before deciding whom you wish to support. The voting will open probably later in July and all current members will of course receive notification how to proceed with the casting of the vote itself. All the details will be explained in due course but are likely to follow the well tested procedure from three years ago. The voting will close towards the end of September and the results will be announced in the November issue of the newsletter. Like with any democratic process it is of paramount importance that all members take part!

By the time you are reading this newsletter you will probably already be preparing for the forthcoming Compumag conference in Paris. The Board of the Society met in Paris at the end of March and I am delighted to confirm that all local arrangements are well in hand. The overview of the sessions is shown on page 2 of this newsletter. Please consult the conference web pages <https://www.compumag2019.com/home> on a regular basis for updated information and announcements. Please note also that the deadline for submission of 4-page papers for IEEE TMag publication is 19th July 2019.

Finally, it is time to renew your membership of the Society. If you registered for the Compumag conference paying the full (non-discounted) registration fee for non-members then your membership will be renewed automatically, otherwise please follow the instructions on the right hand side.

See you at Compumag Paris in July!

Jan Sykulski

## Renewing ICS membership for 2019/2020

If you have not yet done so, please renew your membership for the coming year 2019/2020 by going to the following web page

<https://store.southampton.ac.uk/product-catalogue/faculty-of-engineering-and-physical-sciences/school-of-electronics-and-computer-science/international-compumag-society-ics-subscription-renewal>

and completing the 'transaction' on-line. Please note that the membership year runs from 1st August each year. Members who are attending Compumag Paris and have paid full (non-discounted) fee (for non-members) will have their membership extended automatically.

ICS Secretary
