

International Compumag Society

Newsletter

Volume 29 No. 2

ISSN 1026-0854

1 July 2022

From the Editor

Compumag 2021 (held as a virtual event in January 2022) may feel like a distant memory now, except the publication of the extended papers is well under way. In the meantime, our attention switches to the next Compumag, to be held in Kyoto, Japan, in May 2023. Before that, however, we look forward to several other important conferences: IGTE Symposium (Austria), CEFC (USA), CEM (France), to name but the few. Please see the announcements on further pages of this Newsletter.

Another membership year is about to be completed, so it is time to renew your dues – unless you paid a full (non-discounted) registration fee at Compumag 2021 which included a two-year membership. Please follow the instructions on the right-hand side of this cover page.

This year we will be holding elections to the Board of the Society. Every three years about half of the Board members retire, although they are eligible for re-election. The list of candidates will be prepared over summer, and it is intended that voting will actually take place in December 2022 or January 2023. Once the Nominating Committee has been created all Society members will be notified with the view of members putting their name forward as candidates. The Nominating Committee will then prepare a slate of the candidates which will be published. The Board is very important for the successful operation of the Society so please think carefully if you would like to contribute and make sure that you cast your vote when invited at the end of the year. You can find more information about the composition of the current Board (and previous elections in 2019) on the Society's webpage <https://www.compumag.org/wp/>

Jan Sykulski

Contents:

COMPUMAG 2023	1
IGTE Symposium 2022	2
Computational Electromagnetism and Geometry (technical article)	3
MMM 2022	9
CEM 2023	10
CEFC 2022	12
Future events	12

Important dates

Two-page digest submission due: 9th November 2022

Notification of acceptance: 11th February 2023

Early-bird registration due: 27th February 2023

4-page full paper for IEEE Transactions on Magnetics due: 11th June 2023

Venue

ICC Kyoto (Kyoto International Conference Centre), Japan
<https://www.icckyo.or.jp/en/>

Conference organizers

Chair: Tetsuji Matsuo (Kyoto University, Japan)

Co-chair: Hajime Igarashi (Hokkaido University, Japan)

Editorial Board

Chair: Stéphane Clénet (Arts et Métiers, France)

Co-chair: Yasuhito Takahashi (Doshisha University, Japan)
